Hi
involving the people's perspective in all steps of the problem-solving process
SEBASTIAN RAUER

Interaction Designer
Ideation & Prototyping Lab,
Technologiestiftung Berlin
Enabling people to collect data by providing an easy to follow workflow and low price materials
With LoRaWAN you are able to send data from nodes to a gateway without an internet connection.
sensor
HC-SRO4 Ultrasonic Sensor

power source
9V battery

antenna
LoRa 863mhz on a Dragino GPS shield
In order to activate people we first need to understand and overcome the barriers.
ELI5: How after 5000 years of humanity surviving off of bread do we have so many people within the last decade who are entirely allergic to gluten?

submitted 2 months ago by Addscus117
